

STONE QUARRY

ART PARK

TRAIL SYSTEM

The trails at Stone Quarry are earthen, gravel, and mowed grass. The trail system totals about 4 miles and is marked with white blazes. In the winter, volunteers groom a trail for xc-skiing and snowshoeing. The North Country Trail Association maintains the Link Trail (blue blazes). The Link Trail continues off Park property.

For more information on each artwork scan the QR code below or visit www.sqhapp.org/happenings

please carry-out what you carry-in

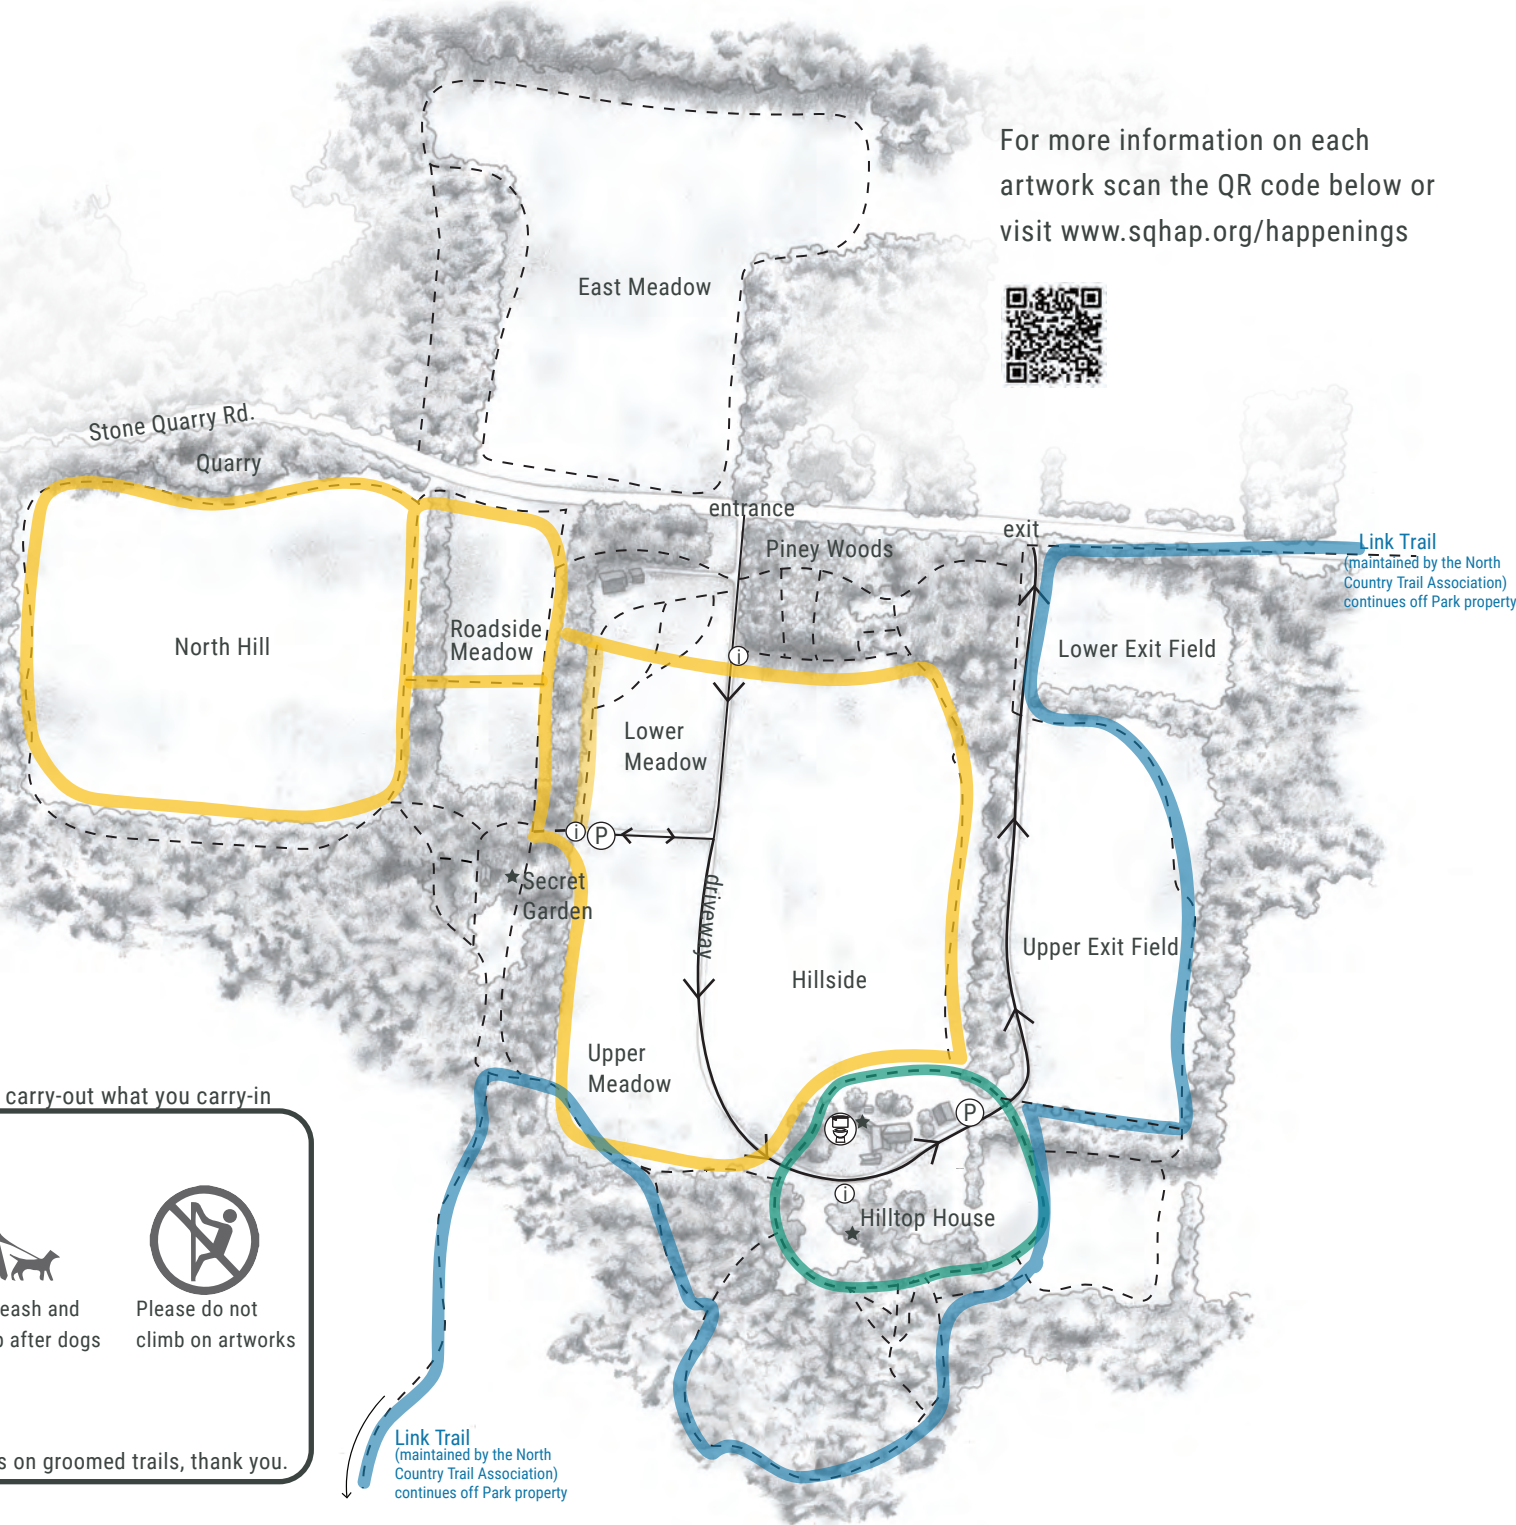

◀ North

- groomed xc ski & snowshoe trail*
- gravel trail (Vista Trail)
- grass and earth trails
- NCT Link Trail
- driveway (one way)
- parking
- information
- toilets

Please leash and clean up after dogs

Please do not climb on artworks

*Snowshoes or skis only, please. No hiking or dogs on groomed trails, thank you.

Stone Quarry Art Park resides on the ancestral land of the People of the Standing Stone of Onyota'a:ká [Oneida]. We acknowledge the painful history of settler colonialism, genocide, and forced removal from this territory, and we honor and respect the many diverse Indigenous Peoples still connected to this land. We express gratitude to those who have lived and worked here before us, and to the Indigenous Peoples who call Upstate New York home.

Suggested donation admission

Your support allows the Park's grounds and trail system to be available to the public every day of the year. The suggested donation is \$5 per person. Contributions of any size are sincerely appreciated.

There are donation boxes located at the information booths (see map on reverse side), or you can contribute on the website:

www.sqhapp.org/support.

Restrooms

Located on the Hilltop (see map on reverse side), Stone Quarry's accessible restrooms with composting toilets are open during the summer and fall seasons. The toilets can be used in the winter, but there is no running water in the sinks, hand sanitizer is available in both restrooms.

As you explore the grounds, notice art in the landscape--consider the paths, plants, scents, textures, colors, patterns, and sky, you encounter.

Stone Quarry's open fields and meadows invite wandering. There is no single trail-head, starting point, or end point. As you meander, here is a space for thoughts and drawings.

STONE QUARRY

ART PARK

Welcome.

Stone Quarry Art Park is a private, not-for-profit contemporary outdoor art space founded in 1991. We believe everyone should have access to art and the outdoors. In addition to working with visiting artists to shape and re-shape the landscape of Stone Quarry Hill, the Park is open to the public every day of the year, from dawn to dusk.

Stone Quarry stewards the Hilltop House, the historic home and studio of artist Dorothy Riester. Visitors are encouraged to look in the windows of this mid-century modern, hand-crafted structure. Guided tours are available by reservation during the summer. Visit sqhap.org/hilltophouse for more information.
